Our Brand Guidelines

1 BRAND OVERVIEW

Introduction

We bring together students from universities around the UK to compete in 6v6 matches in Mario Kart.

These brand guidelines ensure all content involving the UMKL is consistent and aligns with our overall vision. We want to have a simple and intuitive brand identity that adapts to specific situations.

Our Vision

MODERN
INTUITIVE
BOLD DYNAMIC

Our guidelines are designed to be used across formats — web, print, social media, and video broadcasts.

UMKL

Personality

The UMKL is built by students, for students. The personality shown in our brand guidelines should reflect that.

Our branding will reach potential players in a variety of places, so these guidelines should used be used across all of the UMKL, from the Discord server, to the website, YouTube and other social media channels.

The colours, shapes, fonts, typefaces will convey the high quality the UMKL strives for, and the style of the UMKL will become familiar.

The brand guidelines ensure that everything feels like it came form the same place.

VISUAL IDENTITY

Logo

Our logo combines symbols to represent all facets of the UMKL. The shield represents British universities and engine classes. The spiny shell and stars represent Mario Kart. The olive branches and chequered flag are historic symbols of racing, and are heavily featured in the game.
